SUMMARY

I'm Nguyen Van Nam a software developer with more than 1 year of experience in software development field (at FPT Software), with good knowledge of OOP. I'm a young and a passionate developer, I always looking for something new to learn (I self-taught Twister Bootstrap with 3 weeks). I like helping other, work well with group and I am a very careful person. I always try to do everything with the highest attention to avoid losing any even small detail in my task.
